

Under Smart and Skilled, a student contributes towards the cost of training through the payment of a student fee. Fees are calculated at the enrolment of each course and may be subject to change throughout the duration of your qualification if you are eligible for Recognition of Prior Learning or Credit Transfers. These fees are set by the Department of Education and Training and are subject to variation from time to time.

<sup>1</sup> NSW Existing-worker trainees are not eligible to a government subsidy under any Smart and Skilled Program for the qualification that supports their traineeship.

The definition of an existing worker according to State Training Services is someone who *“has been employed within an enterprise continuously for more than three months full time or more than 12 months casual or part-time or a combination of both, immediately before commencement of the training contract.”*

Some employers may choose to pay the enrolment fee for their trainees. This is a separate negotiation between employees and their employer. If the employer would like to organise this payment they can discuss this with the Finance Team by calling 02 4822 7109 or alternatively contact Luke Hartin at [luke@rec1.edu.au](mailto:luke@rec1.edu.au)

For information on payment options please refer to the *Fees and Refunds Policy Version 6* or alternatively contact the Finance Team.
